

San Diego and Imperial Counties Region
SWP Data & Research Committee Meeting **Minutes**

January 10, 2018
2-5 p.m.

MiraCosta - San Elijo Campus
3333 Manchester Ave, Cardiff, CA 92007, Room SAN 925-926

Presentation Attendees:

- Annie Ngo
- Brian Butler
- Cassie Morton
- Cindy Morrin
- Danene Brown
- Efrain Silva
- Erich Kevari
- George Dowden
- Heather Cavazos
- Zhenya Lindstrom
- Jessica Luedtke
- Jessica Noel
- Jose Carrillo
- Kathleen Porter
- Katie Cabral
- Kelly Henwood
- Larry McLemore
- Leroy Brady (conference call)
- Sunny Cooke
- Lorraine Collins
- Margie de Ruyter
- Michael Large
- Michelle Fischthal (conference call)
- Mollie Smith
- Molly Ash
- Monica Romero
- Monica Rosas
- Bridget Herrin
- Phyllis Sensenig
- Rachel Miller
- Ryan Burke (conference call)
- Sonia Lira (conference call)
- Tia Anzellotti
- Tina Ngo Bartel
- Tina Recalde
- Ute Maschke

Committee Attendees:

- Phyllis Sensenig
- Jose Carrillo, Imperial Valley College
- Jessica Noel, Southwestern College
- Molly Ash, Grossmont College
- Zhenya Lindstrom, MiraCosta College
- Tina Ngo Bartel, MiraCosta College
- Mollie Smith, Regional Chair
- Leroy Brady (conference line)

Presentations:

- Zhenya walked the group through the Data/Research Committee's goal and purpose
- Tina presented the preliminary analysis on the labor market research for San Diego and Imperial Counties and received feedback on relevant content and metrics to be included in the second draft
- Tina presented the Program Recommendation Process (PRP) reports and how to submit requests for PRP reports
- Zhenya presented the Cal-PASS Plus platform and how to find data on K-12 pathways

Potential Project: K-12 to Community College Pathways Mapping: Orange County Example (Zhenya)

- Orange County is already using the data in AERIES → ask Margie what systems SDCOE uses
- The data tells us whether students are on track to a Career Education pathway; for example, if a student takes two courses in a career education pathway, the data can help notify us to market Career Education to that student
- Steve Glycer will attend the next Data/Research Committee meeting on February 7, 2018
- We need to submit the project proposal to the ROC on February 21, 2018 to get funding for this mapping
 - First, this funding can be used to build an inventory tool and make it searchable
 - Next, in the following year we can create an alert system, we need to work with the data provider

Next meeting topics:

- Steve Glycer presentation
- Labor market analysis update – Tina
- Emsi Alumni Insights/Student Outcome Tracking RFI – Tina
- Discussion of how we could analyze the CTEOS
