for Region 10 faculty.

21st Century Skills Curriculum Training

Thursday and Friday, April 11 and 12, 2019

Get certified to teach New World of Work's 21st Century Skills Curriculum, complete with PowerPoint slides, lesson plans, activities, hand-outs, videos and more. After this two day training you'll learn the top 10 employer - vetted skills in New World of Work's curriculum via "teach-backs." Only 4 faculty from each one of the ten colleges in the San Diego Imperial Valley Region may attend. *Note: Participants must attend both days to earn the certificate and gain access to the lesson plans and instructional materials.*

Work-Based Learning Summit

Friday, April 26, 2019

Offering hands-on Work-Based Learning (WBL) activities allows students to connect their academic learning with real-world work experiences to discover career opportunities, interact with industry, and grow 21st Century Workplace Skills. Attend the WBL Summit to share with regional colleagues how you integrate WBL within your curriculum and across campus programs through a variety of methodologies (ie: job shadows, workplace tours, internships, etc.). Participants will engage in practical activities and dialogue with faculty and career professionals to develop a plan to implement WBL on your campus.

21st Century Skills Symposium

Friday, May 3, 2019

Faculty and employers alike agree that students must master collaboration, communication, critical thinking, cultural competence, and other skills, if they are to be successful beyond the associate degree. Last fall's 21st Century Skills Survey included an opportunity for faculty who teach 21st Century skills to indicate their interest in sharing their best practices and/or lessons for teaching a specific skill. Attend the Skills Symposium to learn from your colleagues how to teach 21st century skills. Faculty who develop a lesson plan for teaching one of the skills and who teach that lesson in fall of 2019 will be eligible for a \$500 stipend.
