Dream, Build and Expand Your CTE Program with SWP Funds!

The K12 Strong Workforce Program (SWP) has been awarding districts, charters, county offices of education, and ROCs serving students in grades K through 12 with funds to grow their CTE programs through a local competitive grant. K12 SWP funds are an investment to support continuous improvement and capacity building.

Your **K12 Pathway Coordinator** can help you:

- Understand the RFA and grant requirements
- Understand regional priorities
- Identify opportunities for pathway development
- Locate and use labor market data
- Connect with community college partners
- Connect with business and industry partners
